

Senses

What should I already know?

- Everyone has a body.
- Bodies look the same and different.

Key Knowledge

- To identify where the following features are on their body: **nose, skin, eyes, ears, mouth, tongue, hands, face, head.**
- To say or point to which body parts are responsible for each **sense.**
- To know which **sense/senses** you are using when exploring.
- To describe what you can **see, smell, hear, touch** and **taste** during activities involving your senses.

Key Vocabulary and definitions

Senses	Humans have 5 senses: sight, hearing, taste, touch and smell.
Sight	We use our eyes to see (sight).
Hearing	We use our ears to hear (hearing).
Taste	We use our tongue to taste.
Touch	We use our hands and skin to touch.
Smell	We use our nose to smell.
